

Welcome

WELCOME TO THE PUBLIC MEETING FOR THE RANDALL ROAD IMPROVEMENTS STUDY

This project will involve the study and recommendations for transportation improvements along the Randall Road corridor from County Line Road to Ackman Road in McHenry County, Illinois. The goal of this project is to develop a preferred alternative that improves operational flow along Randall Road including intersections and is supported by the communities; while minimizing social and environmental impacts.

The project is in the early planning stage and alternatives have not been developed yet. ***The purpose of this Public Meeting is to:***

- **Identify transportation needs for the Corridor**
- **Highlight potential issues to be considered in the study**
- **Obtain feedback on the scope and schedule for the study**

Public Meeting Process:

1. **Sign-in**
2. **Take a brochure**
3. **View the exhibits**
4. **Ask questions of the Project Team**
5. **Provide comments**
